"i thought Marissa was my friend once, but then Audrey told me that Marissa said she thought i looked trashy. i've never asked her about it, so i'm not really sure what sort of trashy she meant, but i think she knew that i knew. right after Audrey told me, Marissa was acting all weird, like giving me these funny looks... so i guess she probably somehow knew i found out what she said. i thought a whole lot about it, being trashy or whatever, there are so many different kinds of trashy, i really wish i knew what sort Marissa meant. i hope not the bad kind."

What? Whatever, jeez. She wanted to leave, so what. She *did* flick me off, though, I freakin' saw it. I can't believe it.

you made her leave...

Oh shut up, I so didn't. She'll be fine tomorrow, c'mon. I can't believe Mara flicked me off... what the hell... She so hates me, too, she just pretends to be my friend...

I bet she secretly hates you, too.

That's stupid... now I'm all grumpy, thanks a lot. This is the worst first...move-in day... or whatever it is, ever.

You're fine. I'm sick of Mara anyway, she's always like... so grim, for no reason...

...and then she just comes along and she's like, "bleh, how am I ever supposed to DEAL with this shit with you guys always bein' so DUMB and SILLY?" She really said that, too, that's an accurate quote.

Guess you're the dumb part, 'cause I guess I'm sillier than you.

hmph!

she also said she'd like you better if your ass wasn't so fat.

she did not say that! Shut up!

Haha, okay, yeah she didn't, but the rest of that was true.

Hmph.

Me, though, my like for you is inverse to hers: the fatter your ass, the **MORE** I like you.

Shut up.

September 17th

This is the first time I've had the chance to write, since we visited Uncle Dwight and Aunt Annie in Birmingham. I really didn't want to go, because I knew that as soon as I'd get back from it, I'd have to rush off to my new dorm room, without any respite from the trip. Dad said I should pack before the trip, but of course I didn't, so I had to run around and pack up everything super quick. And now that I'm all moved in, I can finally write the trip: it kinda sucked; Annie was sick so she wasn't

much fun, but we made some green tea together and did school stories, so that was kinda cool...

My cousins were here this time, usually Jason's off at college and Amber's visiting with her real mother. But they were here, and Jason totally has a crush on Trilby, it's so annoying. So all the talk about the whole time was her, like asking me questions about her, saying how pretty she was, and on and on. And Amber was a total bitch, she practically refused to talk to me, and I'm 99% positive she stole three of my barrettes, the ones I just got: the little

spider ones, and the one with the little rattlesnake on it. I can't believe it. So now I'm even more depressed, I've moved into this uninviting dorm room, my roommates apparently avoiding me. I thought roommates were supposed to greet you when you moved in, and make you feel at home. But all I get is an empty room. I know they're avoiding me.

cleo
eats
it

Well...
it definitely
says "cleo."

Well of
course it does.
...

You guys
know any other
cleos? It's a
pretty unusual name...
it *has* to be
you...

I know!
ohh who is it??
Somebody hates
me that much,
to write that
I eat it...?

things Terry and Mara found in Natalie's room:

- a catwoman outfit
- a yearbook collection from random schools
- a green vibrator with 'Cumzilla' on it
- a porn screensaver on Natalie's laptop
- sixteen rolls of undeveloped film
- a drawing of a cartoon girl with a gun, with 'slit of the month' written next to her (ew!!)
- and the weirdest thing: a photo of cute conjoined twins. could they be Natalie's sisters??

What're you up to?

Just headin' back to my dorm, an' lookin' at some outfits...

That one's cute, that red top.

Yeah, it is... I can never do red, though. It always makes me look like an apple.

heh heh, aw... is that a new purse you got there?

Sort of... I made the wings myself, and sewed 'em on, but the purse itself is old.

Why do girls only get to have purses? I should go out and get myself my own purse.

Yeah! I've seen a guy with a purse before at Usher... his had all these rubber spikes all over...

You know you have the cutest accent?

...I have an accent?

haha, duh, Cleo, it heh, why aren't you wearing any shoes?

Zaba deh sittin'

And after tonight,
they'll never remind you.”

Y'ALL
WANT ANYTHING?!

No!

DRUID
FLUID!!

HI, SEAN!!

"SO I HAD TO WALK ALL THE WAY BACK BARE-FOOT. I EVEN STEPPED IN GUM... I GOT IT OFF, BUT MOST OF IT GOT MASHED INTO THE LINES IN MY FOOT.

WHAT IN YOUR FOOT?

THE LITTLE LINES. THE LITTLE...SKIN LINES OR WHATEVER.

THAT SUCKS. I THINK BEN MIGHT BE HERE TONIGHT, I FUCKING HOPE HE'S WITH MARISSA.

WHY?? WONT YOU BE UPSET??

WHAT?!!

I SAID WONT YOU BE UPSET?!!

OH, NO WAY, BUT I'LL BE FUCKING MAD, I'LL NAIL HER IN HER FUCKIN' FAT FACE!!

"i didn't even see Natalie there at all. she invited us, and then doesn't talk to us... maybe she really does hate me. maybe this sofa is her great-grandmother's sofa from world war II that she passed down after her husband was killed in the pacific by a kamikaze raid, and now i sat on it... i wonder if there could be a ghost, like her grandmother's ghost, living inside the sofa, like she's hanging on to the last memories of her husband's life. and when i sat on it, her ghost or part of it went into my butt, and now i have an old woman's ghost living in my butt. i guess it's big enough to hold probably at least four ghosts. i feel bad for Natalie now... i should apologize..."

"now i'm sitting here with a rather drunk Trilby; she only had a couple drinks, too. i don't know what her problem is..."

"i've seen five pretty girls since i sat on this bench. this one is number six. she has a pretty, lacey skirt, a soft tiny figure, and a nice way of walking. i like the way her feet go on the sidewalk. not like mine, not like my stomps and sasquatch-walk."

"that's where i should be, with the sasquatches and bigfoots, the abominable snowpeople. abominable snow-myrtle.

that's me.

i don't want to be like this girl with green hair. i hate her. i want to throw her in the dirt and mash her face in the shit and mud."

hey...

h-hey ...

"I never expected you to love me
The way I loved you
To have you near
Was all I wanted
Just to have you near."

neh, yeah. So do I get to meet this Martin guy?

Oh, I'll call him, yeah...

But you're the one spendin' all this money on food or whatever, and he's the one eatin' it all. You so gotta say somethin'.

Yeah, I know... I want to share, y'know? But I feel like it's not going both ways.

Ha, what a fat fuck.

I'll say something, don't worry...

So yeah, what about Martin? What's his major anyways?

Computer Art.

Computer Art? Gw!

C'mon Tribby, he's sweet, who cares what his major is?

I dunno, all the Computer Art guys are like... all weird an' horny. They only like girls 'cause they have boobs.

no, like the Sequential Art guys aren't like that?

Yeah, okay fine...

they're horny too, but at least we have the uh, like the smart, cute indie comics guys.

Whatever Tribby, that's pretty general of you.

Yeah well, first mention of StarWars ah forget it. I'm an Indiana Jones girl.

maybe, yeah... well, pretend you didn't want to be one, pretend it's different, would you just kill yourself? if there was a zombie plague?

hm, maybe, I dunno...

I don't think I could...

I couldn't kill myself an' leave y'all at the hands of the zombies.

I wouldn't mind if you did, though, that's cool.

what?!

You wouldn't care if I killed myself? Mara...

No, I don't think so, it'd be your choice to do it. Who'm I to stop you?

You're my friend! You're s'posed to want me to live...

Well, I do, but like, if that's what you really felt you had to do, I would be okay with it. I would respect your decision to end your own life. I'd expect the same from you, too.

But... it's such a shitty thing to do... there's so many people countin' on you, an' it —

...an' it's so selfish, too. Jus' givin' up, without even tryin'...

Well okay... what if like... what if you're like a serial killer or a werewolf, wouldn't it be okay then? You would choose to end your own life so that others may live, 'cause you know that if you keep living, you'd kill more people.

You wouldn't want to commit suicide then? To save those other lives?

I guess... yeah... but I'm not a werewolf! That's silly! I see what you're sayin', but... yeah, I'm not a werewolf! And I'm not savin' anyone. So... you still wouldn't care? You wouldn't be angry at my selfishness an' disregard for people who cared about me?

No, 'cause I'd try to understand that at that point, you felt it was the best thing to do: it was still your choice, and that's all I'm saying. Selfish or not, it's still a choice. It's yours, nobody else's.

Still... it's a shitty choice...

Why??
What is it??

I just don't
want to, okay?

Are you
tryin' to like, cut down
on sugar or chocolate
or somethin'?

Yes.

Dah! why
didn't you jus' say
that in the first place?!
Look how much we
could've avoided!

sorry...

Prrrgh!
I don't get it!!
Why would you do
that?? Did you think
I would persecute
you for cuttin' down
on chocolate?!

Did you
think I'd
make fat jokes
or somethin'??
What, jus'
tell me!!

Tribby,
come on...

Whatever...
Martin's comin' soon,
y'all better go...

Yeah, I am... um, room 223.

Yeah, I know... I've been busy, I guess, family vacations an' stuff, it sucks.

... So I'm thinking of gettin' some evening numpets for the walkway...

it sounds beautiful to me, i'm so happy i left the curtains up to you, Penny.

... and some new matching curtains for the study, so we can continue with the theme in there, too.

Thank you Fern, I really appreciate you givin' me this job. And thank you for the sushi, too.

of course. if you don't mind my asking, you do have a sister, if i do recall...?

Um, yes... yes I do. Her name's Cleo... she's my half-sister, though, we don't have the same mother.

why'd you ask?

Yeah, Nat's a little upset about it, I guess. Don't worry though, she'll warm up. And I know you're not replacing chloe.

So she just moved out?

neh, actually...

... That's the weird thing: she just up and fuckin' left, without telling anybody. We went to bed one night, she was here, and when we got up the next day, she was gone. Isn't that fuckin' nuts?

Yeah, wow... you don't know where she went?

Nope. Nobody's heard from her or seen her since...

Spoooooky, huh?

It is...

Did you see that like... splotch or whatever, on the floor of your room? It's kinda big...

Yeah, I did. I was gonna ask about that...

... it's her blood.

... Ha, no, I'm kidding. But we couldn't figure out what it was, an' it definitely wasn't there before she left.

What d'yall think it is, then...?

Who knows ...

If I live to be much older I fear I’ll be alone
For your stare speaks something so insane
And I know you won’t be saved tonight.”

-Bella Morte

September 19th

Class starts tomorrow. I'm nervous. I wish Trilly and I were in the same major program, then at least I'd have someone in class that I know. I wonder when my evil fortune is supposed to come true... like how long it'll be before my stupidity ~~time~~ takes over and causes my undoing. Maybe it's already causing it... maybe my undoing is already in progress, and tomorrow I'll wake up undone. Maybe going to class tomorrow is stupid, and I'll be undone by that... but I'd think I'd more likely be undone

by not going to class, because that would be stupider than going, definitely.

September 19th (continued)

Tribby never called. She must still be out with Martin, either that or she's sick of me... maybe, she thinks I'm too clingy, or I'm cramping her space, or something, and she doesn't want me around when she hangs out with Martin. I'm not even sure if they're officially dating or anything, and it's only been like a day, but I

thought she'd at least introduce me to him. I'm so jealous... If Tribby calls tomorrow, I'm going to be busy. She should've hung out with me today, so I'll be her own friend! Now I'm going off to class tomorrow morning and no one was around today to give me moral support, and I feel like I'm practically going crazy with nerves. At least I bought a cute new blue pen.

Shit!!

Fuck, it's almost 9!!!
Fuck!! The first day!!!

Fuck!!

Fuck!!!

Hey Paw,
burgers're dumm!

following are the first five pages
of what was originally supposed
to be *wet moon* volume 1, done
sometime between december 2002
and the end of january 2003.

i never finished it, but i think it
works well as a short story all by
itself. it takes place before the events
in this book, in senior year of
high school.

cleo has since gotten herself a
digital clock, and i'm guessing
she dropped her skull lamp
when packing for college.
